

Mounting accessories for ADSS cables

Suspension Clamp

Application

Suspension Clamp for ADSS cable installations.

Suspension clamp is suitable with all ADSS cables provided by Nestor Cables Ltd. It does not rub the cable same way as ordinary coil type clamps, which is important especially at windy conditions.

Features

Product code:	LV2347
Cable diameter range:	6,5 - 15 mm
Maximum installation spacing:	≤ 90 meters when used with one anchoring clamp per pole > 90 meters when used with two anchoring clamps per pole (both sides)

Package contents

Supporting part	1 pc
Divisible rubber holder	1 pc
Screw, nut and washer	1 pc

Anchoring clamp

Application

Anchoring clamps for ADSS cable installations. The anchoring clamps are suitable for both corner and termination pole installations.

Features

Product codes:	LV2348 & LV2349	
Cable diameter range:	LV2348	7 - 10 mm
	LV2349	11 - 15 mm

Examples of compatible cables:

LV2348:	ADSS 3kN FZORMU-SD with 4 - 48 fibers
LV2349:	ADSS 3kN FZORMU-SD with 96 and 144 fibers ADSS 8kN FZOMRMU-SD with 24 - 288 fibers

Maximum installation spacing:	LV2348	≤ 100 meters
	LV2349	≤ 150 meters

Package contents

Metallic frame	1 pc
Steel wire loop	1 pc
Plastic parts for cable fastening	2 pcs
