

## OPTILUBE

### Application

Microduct lubricant for cable installation into microducts. Designed for micro cable and mini cable installations. Lubricant can be used in low temperatures and it's non-toxic, non-flammable and easy to clean up.

### Features

- Low friction lubricant for cable installation into microducts
- Superior low friction formula for cable blowing, pulling or pushing
- Non-toxic and non-flammable
- Water based
- Suitable to low temperatures down to -15 °C

Physical and chemical properties	
Appearance	Liquid
Color	White
Odor	Odorless
Recommended installation temperature	- 15 °C ... 60 °C
Melting point / Freezing point	- 15 °C
Initial boiling point	100 °C
Flammability	Not flammable
Flash point	> 100 °C
pH	7
Solubility	Soluble in water
Vapor pressure	17,19 mmHg
Expiration date	2 years
